TRUSTEES' MEETING

PETITION FOR IMPROVEMENT OF BROADWAY WEST OF CENTRAL IS PROTESTED

The Board of Trustees assembled at 8:30 p. m. August 22, 1918. All members present at roll call.

The minutes of the last regular meeting were read and approved.

A petition was presented signed by J. H. Flower and about seventy-five other owners of property on Broadway asking the Board of Trustees to take the necessary steps to open and widen Broadway from Central avenue west, accompanied by a map showing the proposed work and outlining an assessment district to be assessed for the payment of the expense of the proceedings. A number of property owners, residents of the district west of Central avenue, were present, and J. S. Thompson addressed the Board in opposition to the project. Mr. Thompson stated that in his opinion no such work should be attempted during the period of the war, and further that there is no necessity existing for the widening of the street; that it would be impracticable to make a wider street as proposed and have it conform with present street improvements.

Mr. Sprowles, representing Mrs. Wood, one of the property owners interested, protested against the project.

A number of other property owners on Broadway west of Central avenue were present and expressed their opposition to the work outlined in the petition—among them being Messrs. Lapham, Carr, Schremp, Reed and Sholes.

John A. Cole who had circulated the petition, spoke in favor of the project, as did also P. W. Parker. Mr. Cole stated that the names signed to the petition represented 10,883 feet of frontage, which is more than one half the frontage in the district outlined. Mr. Parker stated that in his opinion the improvement would be of great value to the City and expressed his belief that the war would be ended and a period of unprecedented prosperity entered into before any actual work could be done, even if started at the present time. On motion of Trustee Shaw, the petition was referred to the Board of Public Works, and the City Engineer requested to report on the total frontage represented by the signers of the petition, the total frontage in the district and how much frontage represented on the petition lies west of Central avenue.

A communication was read from James E. Barker, the expert employed by the City to obtain data for the use of the City in its application to the Railroad Commission to fix the valuation upon the property of the Southern California Gas Company in this City. The communication stated that Mr. Barker has made a complete inventory and appraisal of all property, except office equipment, stores and supplies, etc., belonging to the Southern California Gas Company in the Cities of Glendale and Eagle Rock and in the territory north and west of Glendale; also in that portion of the City of Los Angeles supplied from Glendale. The report, consisting of eighty-nine pages, had been delivered to City Attorney Evans. The communication stated that whenever the case was resumed before the Railroad Commission, the report can be brought down to date. Accompanying the report was the bill for Mr. Barker's services amounting to $365. On motion, the communication was referred to the Finance Committee.

The Clerk reported having received a communication from the California Tax Agency, Inc., of Los Angeles, asking for an estimate of the cost of redeeming Lots 6, 7 and 14 in the Max Muir Tract. He stated that this property had been sold to the City of Glendale for delinquent taxes, the amount of which in addition to the cost of fencing and the assessment for the opening and widening of Broadway represented an investment on the part of the City amounting to $349.80. On motion of Trustee Henry, the Clerk was instructed to answer the communication by stating that the City will give a quit claim deed to the property in consideration of the payment of the amount of its investment and expense in connection with the lots.

The Clerk presented a communication filed on this date from C. L. Thedaker, Agent of the Southern Pacific Railroad Company in Glendale, accompanied by a bill amounting to $999.01 for the expense of moving the tower on Brand boulevard at the Southern Pacific crossing in accordance with an agreement dated July 18, 1916. On motion of Trustee Shaw, the City Clerk was instructed to communicate with W. C. Wattles, former Engineer of the City of Tropico, and obtain a statement from him in regard to bill presented.

SPECIAL ENLISTMENT

LAST OPPORTUNITIES FOR SPECIAL INDUCTION BEFORE NEW DRAFT

The local Exemption Board has just received two calls for the voluntary induction of registrants. One of the calls is for three men to take mechanical training at the expense of the government. One of the three is to report to the Commanding Officer at the State University at Tucson, Arizona, September 1st, for training in auto mechanics, blacksmithing, carpenter work, concrete work, or for training as an electrician or wireless operator.

A second is to report to the Commanding Officer at the University of California at Berkeley, September 1st, for similar training.

The third is to report to the Commanding Officer at the Oakland High School at Oakland, Cal., September 1st, for training which will cover auto construction and instruction as chauffeurs and ignition men.

Only white men with a grammar school education will be accepted, and the opportunity to enlist under this call will expire August 26th.

The other call is for good stenographers who have had legal training. The order states that "only white men in Group C, qualified for limited or special military service will be accepted under this call. Men who qualify will probably be assigned to the Judge Advocate General and Provost Court Marshal cases and attend to other matters pertaining to military law in the field. The work is interesting and will give invaluable experience to the fortunate applicant. Qualified registrants should be urged to present themselves to their local boards.

Since the above was written the Board has received another call for four limited service men to be sent to Camp Dowey at Fort Worth, Texas. They are to be entrained between the 3d and 6th of September. The call does not state the character of the service, but men in the limited service class who want to get in, will find an opportunity here.

GUY PIXLEY ON HIS WAY

Mrs. Flora M. Pixley of 1216 Lomita has received an interesting letter from her son, John Guy, who left Camp Kearny the last of July, stating that he had a most delightful trip across the continent, striking nearly every state in the Union as well as Canada. They received their overseas equipment at Camp Mills and were proceeding northward from there when he wrote. The temperature was 120 in the shade when they reached New York and marching with a 65-pound pack didn't make it seem any cooler. Nevertheless Guy said he was "one happy kid," and was enjoying every minute of his travels and his experiences. Guy is in the Sunshine Division in the 158th Ambulance Corps.

SCHOOL OPENING

Richardson D. White, Superintendent of Schools, reports that Glendale's grammar schools will open September 16th. He and members of the School Board are still looking for teachers to fill the vacancies and lack two instructors in manual training and two in physical training. It may be necessary for Mr. White to go north to look up possible applicants there. He says the war has taken so many men who have been doing this work that the supply is very short and the High Schools, which pay higher salaries than the grammar schools, are getting all there are. It is possible the Board may have to engage women teachers for the physical training of boys. The installation of new plumbing in the Cerritos avenue school is going forward satisfactorily and he says will be ready when schools opens.

The High School will open September 10th.

The City Manager reported work being done by the City on Los Feliz road, Tropico District.

The City Attorney reported in regard to the application to the Capital Issues Committee for permission to sell bonds; that he had been informed that the local body in San Francisco had made its recommendation to headquarters, but that the substance of it had not been made known. On motion of Trustee Shaw, the City Attorney was authorized to expend the sum of $25.00 in defense of the City's interests in connection with the Edison Company's application to the Railroad Commission for permission to raise rates. A motion by Trustee Shaw was adopted authorizing the City Attorney to appear and attend to the interests of the City in the above mentioned case.

A 10:30 p. m. the Board adjourned.

FRENCH PROGRESS BETWEEN OISE AND AISNE

HAVE CARRIED THEIR LINES AS FAR AS GUNY AND PONT ST. MARD FOLLOWING THE RETREATING GERMANS

(Special Service to Glendale Evening News)

PARIS, August 23.—The War office announced today that the French are continuing to advance over practically the entire twenty-five mile battle front between the Oise and the Aisne.

They have cleared the entire south bank of the Oise and the Ailette of Germans from the confluence of the Oise and Divette to Courcy-le-Chateau ford.

Violent bombardment is in progress at other points.

East of Selene the French carried their lines to the environs of Guny and Pont St. Mard.

The Germans are organizing their defenses far behind their present positions in Picardy.

HAIG REPORTS PROGRESS

DURING LAST THREE DAYS BRITISH HAVE TAKEN 6000 PRISONERS FIELD MARSHAL REPORTS

(Special Service to Glendale Evening News)

LONDON, August 23.—General Haig reported today that the British are advancing on practically the entire twenty-mile front between the Cojuel river five miles south of Arrasto Chaulnes and are progressing at a number of points.

They advanced on widely separated points of the Flanders front last night.

During the last three days the British have taken 6000 prisoners including 1000 captured south of the Somme.

General Mangin's French troops continued to advance throughout the day according to reports from the front.

FRENCH LIBERATE FIFTY VILLAGES

MILITARY EXPERT ON PARIS NEWSPAPER BELIEVES NOYON TO HAVE BEEN EVACUATED

(Special Service to Glendale Evening News)

PARIS, August 23.—The Echo de Paris' military expert declared today he believed that Noyon had already been evacuated.

The French passed beyond a number of small towns around Noyon while the enemy is preparing to make a stand at Hill 164.

Between the Aisne and the Vesle German aviators are desperately attempting to prevent allied observations and a big retreat there is expected hourly.

The French in the present offensive now have liberated over fifty villages.

BYNG ADVANCES TWO MILES TODAY

BRITISH GRADUALLY OVERPOWER THE ENEMY ON LINE FROM SOMME TO THE COJUEL RIVER

(Special Service to Glendale Evening News)

WITH THE BRITISH ARMY IN FRANCE, August 23.—General Byng's army is gradually overpowering the Germans from the Somme to the Cojuel river, progressing nearly two miles today.

They have taken several villages and have practically surrounded Bray.

FRENCH NEAR OLD HINDENBURG LINE

ARE HEAVILY ATTACKING COUCY-LE-CHATEAU AND THE ROAD LEADING TO THE TOWN TODAY

(Special Service to Glendale Evening News)

PARIS, August 23.—The French had swept the Germans back to within three miles of the Hindenburg line at 4 o'clock this afternoon, penetrating the borders of Coucy-le-Chateau.

They are heavily attacking Coucy-le-Chateau and the road leading to the town.

Between Noyon and La Fere the French are within three miles of Chauny. Noyon is being attacked from the southwest, the southeast and the northeast, the French having crossed the Oise and the Manicamp canal, reaching the edge of Morlancourt a mile from the Noyon railway station.

The Noyon-Laon road will soon be penetrated from another direction.

DEBIGNY SAYS "WE WILL WIN"

FRENCH GENERAL IN OFFICIAL REPORT SAYS HIS MEN HAVE WON GROUND TO A DEPTH OF FIFTEEN MILES

(Special Service to Glendale Evening News)

PARIS, August 23.—General Debigny today issued a statement saying:

"The battle has won ground to a depth of fifteen miles and has liberated scores of villages. Sixteen German divisions have been beaten. Over 10,000 prisoners and 220 guns have bene captured. We will win."

WASHINGTON, August 23.—Frank R. Muson has resigned as a member of the United States shipping board.

DISPLAY ILLUMINATION

RULING ON LIGHT CONSERVATION FROM CHAIRMAN FUEL ADMINISTRATION IN L. A.

To secure accurate information for the City and citizens of Glendale in regard to light conservation issued by the Federal Fuel Administration, the City Manager addressed an inquiry to V. H. Rossetti, Chairman of the Los Angeles Committee of the Fuel Administration and has received a communication which makes it clear that so far as street lighting by the city is concerned, little change will be necessary. At the present time the lower bulbs on the cluster lights of our electroliers on Brand and Broadway are turned off about 10 o'clock. Under this order they will be shut off at 9:30, the top globes remaining until the usual hour. Business houses and private individuals will be required to dispense with all unnecessary display lighting in windows and outside. The letter reads:

August 21, 1918.

Mr. T. W. Watson,
City Manager,
Glendale, California.

Dear Sir:

At the suggestion of Mr. H. B. Lynch, I advise you that the specific substance of the United States Fuel Administration Regulation for Southern California orders the absolute elimination of all outside lighting, window lighting and display lighting, of every kind; and also intends the modification of street lighting consistent with the public safety. The order is effective until October 1, 1918, on Monday and Tuesday night of each week, and at that time, unless meanwhile changed, will be effective on every night in the week except Saturday and Sunday nights.

Under an arrangement with our local city authorities, and for the safety of the public, street lighting is continued as normally until 9:30 p. m., when it is modified from that time on as it would be normally heretofore at 12 o'clock p. m., and this every night in the week, resulting, as you can readily see, in a more material conservation.

Any further information I will be pleased to give you upon request.

Yours very truly,
(Signed) V. H. ROSSETTI,
Chairman, Los Angeles Committee,
Federal Fuel Administration.

PROSPERITY OF INDIANAPOLIS

A copy of the Indianapolis News of August 16th has been loaned this paper by W. H. Nicoles of 1101 West Seventh street of this city, who is receiving it regularly. It is an eye opener on the metropolitan growth of that city, for it compares favorably with the dailies of Chicago in size and appearance and its advertising columns make a showing of big business that commands respect. In the long run, it is the business men and their policy that make or mar a town If they have faith in their community and boost business by up to date advertising methods, it is at once apparent in the press of the town. The local papers of a city are in a way a mirror of that city, of its life, both business and social. This paper which Mr. Nicoles has loaned contains the same telegraphic news we have already read in our own dispatches, but besides that it is full choc-a-block of splendid display advertising by local merchants which shows that Indianapolis, Indiana, is a big, growing business center, with merchant princes who know how to hold and increase their trade and build up their city.

CELEBRATES 76TH BIRTHDAY

To the Glendale Evening News:

Tuesday, August 21st, N. P. Banks Post and W. R. C., to the number of 45 or 50, hied them to the home of Comrade and Mrs. Pratt, southwest of Burbank, to assist him in celebrating his 76th birthday. When the lunch hour arrived, baskets, boxes, bags and parcels mysteriously appeared and willing hands soon had three long tables spread in different parts of the house and soon loaded with toothsome viands which all enjoyed. At 2 p. m. Chaplain Norton called the company to order and gave us one of his happy talks. Mrs. Winona Crawford presided at the organ and sang a solo. The other musical numbers were our own "America" and "The Star-Spangled Banner" with several appropriate selections by the company.

There were several patriotic speeches both by comrades and corps members, and several readings. The program closed at four, the company singing "Blest Be the Tie That Binds" and all joining with the chaplain in an earnest prayer that His richest blessings would rest upon two of our number who had been recently sorely bereaved. P. C.

TRICK DOG "TEDDY"

WILL WELCOME VISITORS TO DIANDO STUDIO TO WITNESS BALLOON ASCENSION

It seems that there are a good many attractions at the Diando Studio in addition to Marie Osborne, Sunshine Sammy and other stars we are accustomed to associate with that company, and one of special interest just now is the beautiful trick dog "Teddy," who figures in the picture as the pet and playmate of Baby Marie.

The Diando people hope that all Glendale will accept their invitation to visit the studio, which is to be thrown open to the public Saturday morning from 9:30 to 10:30 for the great spectacular play which is being produced with Marie Osborne in a star part. The actors will be there to welcome visitors, and buses will be at the Pacific Electric Station, sent by the Diando Company to convey guests who have no other means of getting there. Teddy will also be on hand to wag a greeting when the studio is reached.

This dog, which has developed the most wonderful intelligence, is owned by Ed Pearson, a man who has made a life study of the training of dogs. He used Teddy on a vaudeville circuit for many years, but when he found the chances were so good for making money in the moving picture studios, he canceled his vaudeville contracts and has since allowed the dog to play for the movies. The Diando Company pays Teddy $150 per week and besides these 150 bones he gets two good edible bones every night, which he appreciates more than the money.

He has also had a trying experience in the dog hospitals. While at the Lasky studio on one of his engagements, a bull dog got at him and chewed one of his front legs until it was practically severed from his body. He has undergone four operations under ether but the bone has refused to knit and he now carries the leg around limp. The surgeons are getting ready to give him another operation in which they will try to transplant a bone taken from another dog, and thus save his foot to him.

It is said that in spite of these operations and the pain he has suffered, there is no impairment of his intelligence. He remembers every trick he ever knew and is just as ready to acquire new ones. He likes his work and appears to understand every word his master speaks to him.

RETURN TO GLENDALE

Mr. and Mrs. L. T. Rowley and family, whose home is at Sunland, but who have been residents of Glendale for considerable periods, have returned from Lankershim, where they went for two months at the solicitation of their daughters and girl friends who wanted to work in the fruit. During July they cut apricots and later worked on peaches at the cannery. The prices paid they found very satisfactory, as beginners get 20c an hour and experienced workers 25c an hour at the canneries, where girls who are over 18 years of age are permitted to work 10 hours if they wish to do so. The girls have accumulated quite a sum of spending money and are well pleased with their summer's work. Mr. and Mrs. Rowley are now looking for a house in Glendale. When they are again established here Mr. Rowley will be ready to again take up the Salvage Work which he superintended for the Junior Red Cross the early part of the season.

TWO RECENT INDUCTIONS

Thursday afternoon the Exemption Board inducted Carl William Scheu, who is a Fresno registrant but who is a son of Mr. and Mrs. Charles H. Scheu of 309 Central avenue (Tropico district), this city. He has been a switchboard operator in the employ of the Pacific Light & Power Company at Cascada, California, and has been sent to the Balloon School at Arcadia to report to Col. W. N. Hensley.

Henry S. Mackay, of La Canada, son-in-law of ex-Senator Flint, who assisted the local Board of Exemptions at the time of the first draft in instructing registrants how to fill out the questionnaires, was entrained Thursday morning for Camp Hancock, Ga., where he will take machine gun officers' training. He was inducted Wednesday and took his physical examination the same day from Doctor Boyer.

WEATHER FORECAST—Fair except cloudy tonight and in the early morningnear the coast. Warm in the interior. Westerly winds.

GLENDALE, CALIFORNIA, FRIDAY, AUGUST 23, 1918

WASTE NOT

In all branches of war preparedness one point has gained undoubted prominence, namely that in this country there has been a marked failure to utilize both our material and human wealth to the best advantage, and if the nation is to measure up to its full standard, a continued campaign for the elimination of waste in all parts of the national life is imperative. The war in Europe has told the people there the need of denying themselves all but the necessities of life. In our own country the high cost of living has focused attention on the same problem. It is capable of proof that one reason for this high cost of living is the domestic waste and over-consumption due to the high purchasing power on account of prosperous industrial conditions. If the more fortunate of our people would avoid waste and eat no more than they need, the high cost of living problem of the less fortunate would be partially solved.

The stressing of saving fuel at this time on the part of the United States Fuel administration is so closely allied to the saving of food stuffs that it seems wise to again send out the slogan, "Eliminate waste."

The latest cablegrams from Europe report Mr. Hoover as saying, "the coal miners of Europe are now at the front; consequently this next winter will be a period of great suffering in Europe through a great shortage of coal. If the people can have liberal supplies of bread, meats and fats, there can be no fear of the morale among the civilian populations of the European allies. The promise of these supplies has lifted a load of fear off the minds of the people, particularly in France and Italy. It now remains for our people to make good, which we can do if we are economical and avoid waste."

We have been the most wasteful nation on earth, but when Mr. Hoover tells that there are over a hundred million women and children alone in Europe dependent on the United States for food supply, and that it is within our power to keep the wolf from the door of the world by conservation of foodstuffs and the elimination of waste, we are not only going to redeem this nation from further extravagance, but we are going to justify his faith in the American nation and furnish the promised supplies.

The "gospel for the clean plate" was early preached in the campaign for food conservation, but in the households the serving of smaller portions has not been carefully observed. Better serve twice than waste a half or a third of too large a portion. So often "your eyes are larger than your stomach" in the beginning of a meal, and there is a certain proportion of the helping wasted because the hunger is sooner appeased than you expected. This seems only a trifle, but multiply it by the over one hundred million people in these United States, or even one-tenth of the number or one-half and see what a surprising amount of waste results. If every one of the country's twenty million homes wastes an average slice of bread a day, there would be wasted an equivalent of 365,000,000 loaves of bread a year. If every household should waste a fourth of an ounce of butter daily, this would mean114,962,500 pounds per year of the product of over half a million cows. If an ounce of meat is wasted daily it means the loss of 456 million pounds of animal food. If an ounce of sugar per day per person is wasted it means 1,140,625 tons taken from our boys and our allies. But every family does not waste this amount. Cut it down one-half and reckon the criminal waste. Much of the waste in this country is due to ignorance. The great cause is failure to recognize the value of thrift. The salvage department of the Red Cross has been a great object lesson when we are shown the money realized from the sale of things we thought of little or no value. This is an old story but attention is again called to the wasteful habit of ordering over the telephone. The telling the grocer to send "some of this" and "some of that" always results in the order bringing more than is needed. Those living in apartments are urged to buy just enough. Lack of proper facilities for keeping foodstuffs—unexpected absences from meals and deliveries of foodstuffs being exposed to the sun waiting for the householder to return and care for them—all this is wasteful. In one of our cities arrangements have been made to eliminate waste at one of the largest cafes by giving the left over food to the children of the day nursery and their mothers.

A social service league is receiving surplus food from a hotel and will sell it at cost to needy people.

Send along the message, "Any relaxing of restrictions on foodstuffs does not mean a laxity of wastefulness."

Life Has It's Bitters and It's Sweets

One Glendale lady says: "I would sooner be dead than to be without any of Booth's Better Blend Coffee."

Doctors say so long as you can drink Booth's coffee you will be all right, but as soon as you can't it will be a bad job—you're just as good as dead.

20c, 25c, 30c, 35c, 40c and 45c pound

It's a dream of a coffee—a regular morning glory.

TENT HOSPITALS HELP SMALL CAMPS

(By United Press)

LONDON, Aug. 9. (By Mail.)—A new problem in hospital work was presented to the American Red Cross in Great Britain recently by the large number of small camps of American soldiers, particularly aviators, which have been opened in various parts of the British Isles. These camps are too small to require the installation of a large hospital, but there are frequent cases of illness or accident, and the camps are generally located at points far distant from the regular military hospitals.

The problem has been met by the establishment, in each camp, of a small "tent hospital," where American soldiers suffering from minor ailments can be cared for satisfactorily. More than fifty of these tent hospitals have been set up in various small American camps during the past few weeks, each accommodating from four to ten patients. The soldiers welcome this arrangement enthusiastically, for the soldier when ill, likes to be near his friends and the men of his unit, and dislikes being transferred to a distant hospital in strange surroundings. During the recent prevalence of influenza in the camps, these tent hospitals proved a great boon.

A letter from an officer in an American camp in central England says:

"Another reminder of the careful thoughtfulness of the American Red Cross came to us this morning, and while you know how I have appreciated your help and whole-hearted thoughtfulness in getting our hospital equipped, I want to tell you so in this way. I shall not try to enumerate the things you have given us. It is sufficient to say that, thanks chiefly to the American Red Cross, more than 800 American soldiers here can now have as good care and be as comfortable when sick as they could at home. We are especially appreciative of this because we previously had for a hospital only a small hut with plank beds, straw mattresses and no pillows.

"The magazines, newspapers and phonograph are greatly appreciated by our convalescents, and it would please you to see our 'Sun Room' this afternoon. The men are sitting in comfortable, easy chairs, reading, smoking and gaining rapidly. The milk and eggs which you furnished are a big factor in rapid convalescence. One patient owes his life to the vaccine which you sent us last and which we were unable to obtain from any other source.

"We had almost given up hope of getting what we considered necessary for the proper treatment of our sick soldiers; so you know something of how the present situation pleases me. The American Red Cross has a larger place in the forces helping to win the war than many of us realized before."

The following prayer was found by a Y. M. C. A. war worker upon the body of a dead soldier in No Man's Land: "O Lord, grant us that from the stricken earth, sown with Thy dead, an everlasting flower of peace may spring, and all Thy world become a garden, where this flower of Christ shall grow."

Sugar bowls have been banished from American dining cars—a traveler is served his portion of sugar and no more.

PUMPS AND OXFORDS

Brown, Tan, Gray, Black and White

We have a number of these left at $4.00 to $6.50. Better buy now before prices advance again.

Sale! Sale! Sale!

Booth has a genuine sale of good things to eat every day at L. A. fair prices. He likes to sell out every week so he can lay in a fresh, clean stock. Come in and see the little Anglo-American who helped catch the German Kruger 18 years ago in South Africa and would like to be in at the catching of the other K, the Beast of Berlin, but old age is the only thing that prevents him. But he is still able to dispense his Better Blend Coffee to all lovers of a good cup at 20c, 25c, 30c, 35c, 40c and 45c pound.

Personals

Mr. and Mrs. P. Diederick and family, of 121 Belmont street, have gone to Big Bear Lake for an outing.

J. H. Braly has returned from his business trip to San Francisco several days sooner than he was expected.

Dr. J. E. Bahrenburg, of 322 West Park avenue, has gone to Bakersfield to visit his son, Dr. George Bahrenburg.

Rev. W. E. Edmonds, who has been north for about two weeks on a vacation outing, returned Thursday and is now at the Manse, at 421 Cedar street.

H. A. La Gross and wife, of 301 North Louise, have just returned from Catalina Island, where Mr. La Gross was quite successful as a fisherman, catching 50 pounds of bass.

The Hickman and Imler families are rejoicing in the news that John J. Hickman of Colorado Springs, brother of Miss Hickman and Mrs. Imler, is en route for Southern California and will probably arrive Sunday afternoon. He is coming for an indefinite stay.

After a pleasant rest, Marion Lehman returned Monday to San Francisco, where he is stationed on Goats' Island. He wishes to express his appreciation through our paper for the attention shown him both in Glendale, Ocean Park and Los Angeles by his many friends.

Mr. and Mrs. M. P. Harrison, who have been spending the summer at the beach and in the mountains, have returned to Glendale and will be at home to their friends in an apartment on Hawthorne street until their home is vacated the latter part of September.

Mrs. Charles D. Oren, who has been a guest at Palm Villa returned Monday to her home in Colorado Springs to aid her husband in settling up their business affairs there preparatory to coming to California to live. When they return they will be guests of Mrs. Adelaide Imler and Miss Cora Hickman.

Eugene Imler will graduate with the fall class for which commencement exercises will be held at Throop Polytechnic Sunday afternoon, September 15th. It is quite a large class. Eugene is already enlisted and has been one of the military instructors at Throop for some time. He wants to get into the Radio Service and after graduation may be sent to a Maryland camp.

Mr. and Mrs. Gies, who have been coming from eastern Pennsylvania to visit Glendale for several years, have now come with the intention of locating permanently. They are at 1443 Sycamore avenue, in the house formerly occupied by their daughter, Mrs. Reed Heustis. Mr. Heustis is the man who writes the jingles in the Herald Evening Green. He and Mrs. Heustis are now living at Myrtle and Columbus.

Mr. and Mrs. Garnett S. Hancock, who have been spending the summer in an apartment at Third and Everett, this city, leave today for Tucson, whither Mr. Hancock has been summoned on important business relating to the mines with which he is connected. He has been here superintending the construction in Los Angeles of trucks for the transportation of ore. He is a nephew of Mrs. William Harvey, Jr., of 151 Los Feliz road.

Harry Hall has sold his acetylene welding plant to the Ford Agency and has gone to work at the shipyards. His mother-in-law, Mrs. Gregg, goes also to keep house for him, and Mrs. Hall and her daughter Audrey, who has one more year in the High School, will remain and have quarters in the home of Mrs. Phelan, at 428 South Maryland avenue. Mrs. Hall has been an invalid for four years but is able to do beautiful knitting, to which she devotes all her time. Last month she made 12 pairs of socks for soldiers. Her patriotism is genuine and productive.

Little Robert Lehman, son of Mr. and Mrs. Chas. A. Lehman, of 629 North Louise street, Glendale, assisted in entertaining the soldier boys at the aviation field near Riverside last Tuesday evening. Entertainment was under the direction of Corporal and Mrs. Jonas. To say that little Robert was appreciated by our Uncle's flyers is expressing it mildly. Robert was called out five times, showing the flyers' appreciation of his efforts as a lady camouflager. He also sang in costume the Glendale composed song, "Just Leave It to Your Uncle Sam," by special request and several other songs. The soldier boys all look well and happy.

CARD OF THANKS

Mr. and Mrs. Wallace Robinson wish to express their heartfelt thanks and appreciation to the many kind friends who have expressed their love and sympathy in the many different ways during the sickness and death of their daughter Hazel.

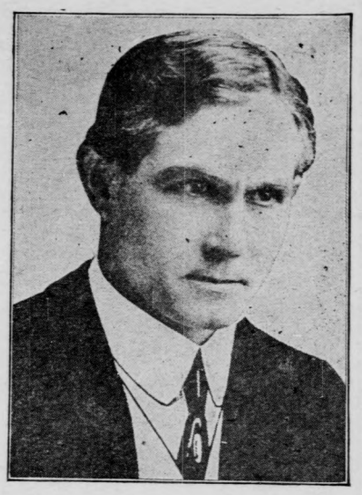
FLOWERS A WINNER



From every source comes the report that Montaville Flowers, Republican candidate for Congress in the Ninth Congressional District, will get a winning vote at the Primary Election, Tuesday, August 27.

The Evening News recommends Mr. Flowers as a candidate worthy of your support next Tuesday. He is right on the war question, he is right on the temperance question. His qualifications are excellent.

In honor of their house guests, Mrs. W. H. Kirby of Imperial and her son Frederick, a[illegible] of Mrs. C. C. Williams of Alhambra, Mr. and Mrs. H. P. Goodwin of Garfield avenue entertained Thursday evening with a family dinner at which covers were laid for nine. A Frenchy pink and blue color scheme was beautifully carried out in the decoration of the table, which was centered with pink China asters and blue larkspur. Mrs. Kirby and Mrs. Williams are sisters of Mrs. Goodwin.

Every producing farm is a dynamo of victory.

RED CROSS EVENTS

Sept. 20 and 21—Community Harvest Festival.

Persons planning Red Cross entertainments are requested to have dates reserved by telephoning Mrs. Mabel Franklin Ocker, chairman of Bureau of Entertainments. Glendale 918-J.

FAMILY CONFERENCES

Glendale has developed such virtue since it has been required to furnish men for the army or for the industries under the "work or fight" draft that its police records show little beyond the infractions of law by auto speeders or the unexplainable deviltry of small boys with surplus energies which have not found a profitable outlet. A few days ago eight boys charged with breaking globes on the street lighting system, together with their parents, had a session with Judge Lowe at the city hall. The Judge gave the boys a serious lecture on their offense and for penalty required them to replace the globes. A similar conference of boys and parents has been held on cases of melon stealing which have recently been reported, and the boys will have to pay for the melons. The parents seem to be in accord with the judge's methods and the boys stand a good chance of learning that the way of the transgressor is hard.

WIRT C. SMITH

Wirt C. Smith, who is one of the candidates for Justice of the Peace for Burbank Township, was born in Indiana in 1863 and was graduated from De Pauy University, Greencastle, Indiana, in 1886, and three years later received his degree from the Cincinnati Law School. He has been engaged in the practice of law in all the courts for fifteen years and for twelve of those years he has resided in Los Angeles county. For six years he was a deputy prosecuting attorney. He is the father of three children, one of whom is in service at Camp Lewis. His friends declare he is well qualified for the office he is seeking, as his education and training have especially fitted him for the position. Mr. Smith has offices at 236-9 Title Insurance Building, Los Angeles.

GOVERNMENT LECTURER

Miss Flint of 214 South Kenwood street received a telegram in April from the head of the National School of Domestic Arts and Sciences, of Washington, D. C. (from which she is a graduate), recommending her to accept the appointment of Lecturer on Food Conservation and Our War Aims in the Radcliffe Chautauqua. She is now travaeling in the ninth state since leaving Glendale. She writes of wonderful scenery and interesting experiences. The Chautauqua visited some towns in Idaho that were exceedingly pro-German, in fact their Prussianism had to be reported to Washington, D. C.

CROP STATISTICS WANTED

The Glendale Evening News would be glad to receive from its readers data in regard to crops which they have planted, cultivated and sold, with a view to securing information which will be of value to others. The statements should include the area cultivated, time of planting, expense for seed, kind and amount of cultivation, irrigation, the yield and selling price. Actual reports of crops and comparisons will throw considerable light on the most profitable crops to be grown upon our vacant lands. A reckoning recently made by city officials indicates that Glendale possesses in uncultivated lots, land enough to make a section, or one mile square, if bunched together We ought to find out what crops can be grown with the minimum of labor and irrigation and the maximum of profit. The best way to find out is to get the actual reports of husbandmen and compare them. Send in your figures.

WHERE YOU GET ACTION

If you want to sell your property, come to the H. L. Miller Co.; if you want to trade your property come to the H. L. Miller Co.; if you want to rent your house to good tenants come to the H. L. Miller Co.; if you want insurance at the right price come to the H. L. Miller Co.; if you want money and can give good security come to the H. L. Miller Co.; if you want anything in the real estate line come to headquarters, where you will get action. H. L. Miller Co., 409 Brand Blvd. Glendale 853 or Black 266 298t6

(By United Press)

WITH THE AMERICAN ARMY IN FRANCE, Aug. 9. (By Mail.)—You'd better not forget the password when you are in the American front at night, especially anywhere near the lines.

If you do your name is likely to be on the missing list.

The American guards take no chances. They challenge with snap, and hold a gun on you when you come up to give the word. Until you're recognized you have a bayonet awfully close to your heart.

French officers have remarked admiringly the way the American gives his "Halt, who is there?" There's no chance of putting anything over on one of these American sentinels, no matter how dark the night. He keeps it on you until he is sure.

Why You Should Vote For Senator Carr

To the Republican Voters of the Thirty-Sixth District:

1. In a war legislature we need the ablest and most experienced man we can get. For six years Senator Carr has been your efficient representative in the Senate. His opponent is new and untried.

2. Senator Carr's record shows that for years he has been a consistent and enthusiastic worker for "dry" measures. His opponent's public espousal of the "dry" cause has been within the last few weeks.

3. Senator Carr was a leader in securing the enactment of the Workmen's Compensation Act, the Eight Hour Law for Women, the Minimum Wage for Women, and all the humanitarian and constructive measures of the Hiram Johnson administration.

4. Senator Carr's opponent has always sneered at the great constructive work accomplished during the Johnson administration.

5. This is no time for experiments. Nominate the man who has faithfully represented you during the past six years and who has fought for the measures in which you believe.

CARR CAMPAIGN COMMITTEE.

D. J. HIBBEN

Candidate for Justice of the Peace

The Office of Justice of the Peace altho confined to the limits of a township, is an important one. The amounts involved may be small, but even the humblest litigant is entitled to be impartially heard and to have his case decided with the same conscientious exactness that we demand of our higher courts. It is a greater loss to the community when a poor man comes into our Justice Court with a grievance and goes away conscious that he has been wronged without redress than to have a rich man lose a legal battle extending over many years.

The Justice Court is a vital defense in time of war. It is the "Home Guard" which stands between the mob and the innocent man and yet brings to justice the enemy within our gates and deals out punishment with a fearless hand.

For these reasons the voters should give cautious consideration to the man they nominate for Justice of the Peace on August 27th.

David J. Hibben is a man fifty-five years old. He is a native of Illinois and of English descent. He was educated at Ridott High School, Ridott, Illinois, and at Battle Creek College, Battle Creek, Mich.

For eleven years Mr. Hibben has lived and owned property in this township and is now a member of the Glendale Board of Education. He has been a life long advocate of Prohibition.

Mr. Hibben is a man of such personal qualities exhibited by his long and useful service, as fit him for the position of Justice of the Peace and have won for him the general acceptance of the men interested in the welfare of this community.

WM. F. KNIGHT

Republican Candidate for State Senator 36th District

THE MAN:—Thirty years in the city of Providence, R. I. Several years engaged in large wholesale business. Four years a member of the City Council, serving on important committees, of finance, railways, education, printing and new industries. Was instrumental in securing important reforms in the interest of public welfare. Was also Vice-President of New England Board of Trade, and for four successive terms President of the Rhode Island Business Men's Association.

For fifteen years a resident in this Senatorial District. Has given freely of his time and money in behalf of public interest. Has boosted every needed civic betterment. Has served without compensation, in the following positions: President of Pasadena Board of Trade, Vice-President of the Board of Education, Chairman of West Colorado Bridge Committee, Appointed Committee and secured survey of the Arroyo Seco Mountain Highway to Antelope Valley and Commercial Commissioner to China.

Was the man who secured the plans and raised the money for the Colorado street bridge, "The most bridge for the least money in the U. S."

Will work for mountain highway to Antelope Valley as soon as the war closes.

HIS STANDARD:—Lower State taxes mean more money for Liberty Bonds, Red Cross, Y. M. C. A., Thrift Stamps, etc. Business methods in handling State affairs. Retrenchment consistent with efficiency, in every department of public service. Consolidation of closely related commissions as suggested by Taxpayers' Association of California. Stands squarely for all good, progressive, moral and humanitarian legislation.

HIS PURPOSE:—To use all his energy to aid the National and State Administrations in carrying on this World War to a COMPLETE VICTORY, endeavoring to observe the urgent request of President Wilson, "To practice the most rigid economy in the use of all State Funds."

HIS OPINION:—Legislators responsible for present extravagance should not be depended upon to satisfactorily meet the public demand for economy.

Endorsed by the California Dry Ratification Committee.

Eighty-six thousand baseball bats are included in one order placed by the Y. M. C. A. for the soldiers overseas.

LA CRESCENTA

Mr. and Mrs. S. S. Thomas have left for a five weeks' vacation. Part of the time will be spent at Carmel by the Sea and the rest at San Francisco.

Miss Lola Moon of the Good Samaritan hospital is spending her vacation with her sister, Mrs. Ayres.

Mrs. Maranville has had a letter from Louie, her son, who is "over there," postmarked England. He is in the 316th Ammunition Train.

Primary Election will be held Tuesday, August 27. The polls will be open from 6 a. m. to 7 p. m. at the school house. Come and vote for your candidate

Mrs. E. N. Nettleton has received word that Lieut. Nettleton has arrived safely at Camp Oglethorpe, Ga.

The Thrift Stamp Drive showed the spirit of those "over there." See that we live up to our pledges and buy our stamps early in the month.

Mr. and Mrs. Hamlin spent part of their vacation days at Balboa and motored up to Forest Home during the rest of the time. They spent a pleasant time visiting with Mrs. Anderson of Montrose, who has been at Forest Home all of August.

A most enjoyable birthday dinner was tendered Bruce Barker and Mrs. J. S. Erwin on the 15th of August, Mr. Barkers' birthday being the 14th and Mrs. Erwin's the 16th. Elaborate birthday cakes decorated with 65 candles for Mr. Barker and with red, white and blue candles for Mrs. Erwin were gifts to these happey people from Mr. and Mrs. D. E. Wetherbee. The other guests were Mr. and Mrs. Hopping and Roberta Hopping.

Mr. and Mrs. H. E. Bruce and Florence Bruce spent Monday at Mount Lowe.

Owing to the Primary Election on Tuesday next, the Red Cross class for that day is postponed until Thursday, and there are just quantities of work waiting for helpers. Gauze work will be resumed and many, many hands are needed to turn out our quota. Do you realize that our very own California boys are now right up in the front line? Do you realize that the casualty lists are longer every day? Would it make a difference to you if you knew that it was your own next door neighbor's boy who needed these dressings that you are not making? He is your neighbor's boy. He is your boy. It is the duty of everyone of us to give of ourselves, our time, our work, a few hours each week to help in this great work. The boys are giving their lives, maybe; any way they are willing to and we don't even see our way to work a few hours a week. Don't lt the call remain unanswered. Don't let headquarters ask for our quota of supplies and we not be able to turn them in for lack of workers. Every Tuesday and Thursday from 10 to 5 Mrs. Ayres and Mrs. Miller will be glad to welcome you and put you to work.

Fred Hanger, at the Fairmount, has a great big house full till over Labor Day.

The next picture show will be September 3. A dandy detective story, "The Missing Link," with Norma Talmadge and Robert Harron. I'll tell you the story next week.

Mrs. A. M. Fraley visited old friends in the Valley last Tuesday.

"The Esperanza" at Michigan boulevard and Rosemont has been sold to James T. Brown. He expects to improve the property in many ways and will probably make a fine home place of it.

Our barber shop at the end of the car line is proving a boon to the mothers and children. No need of taking them all the way into Los Angeles now.

Mr. and Mrs. Ignace Sherb have a grandson, Chas. Merrell, in the Tank Corps. He has reached Gettysburg, Pa., on his trip to "over there."

Have you planted your winter garden yet? It's just the right time to get in onions and beans and carrots and beets. Help Mr. Hoover, your country and yourself. Plant all you can and can all you can, and give the rest to your neighbor.

Over in France the Y. M. C. A. is printing a newspaper in Russian for the loyal Russians who are fighting on the western front.

Advertise it, or advertise for it in the Evening News.

BUY THRIFT STAMPS

Already the War

has broken down walls of habits and indulgences. It has rearranged notions and demanded new efforts from the individual. Things are going to happen that have never happened before. The time is upon us when we must work to make every individual and each resource count. We must with greater care than heretofore plan our doings so that we may lay away a portion of what we earn in a reserve and force ourselves to the limit to produce more than we consume.

It is very much to your personal interest to be associated with a bank which makes safety, service and community interests paramount. We believe we are in a position to offer many helpful business suggestions and wish you to feel free to avail yourself of our facilities.
